CAR INSURANCE FROM DEMON TWEAKS

For many years, Demon Tweaks have been at the forefront of the performance and road tuning market, supplying everything you might need to tune, modify and style your car.

One vital car product which they didn't supply was insurance -- until now.

Demon Tweaks have formed a unique partnership with Egger Lawson, well known for their range of Competition Car Insurance products.

Now as a joint venture, we launch Demon Tweaks Insurance, administered by Egger Lawson. It is designed for people who take their car seriously and spend proper money on it. After spending thousands on wheels, body kits, trick paint, big ICE installs, etc, if it comes to the crunch you want insurance which pays out your car's true value, not what a standard version is worth.

If you want to ensure that your modified car is worth what it cost you, give them a call and speak to someone who is interested.

For further information, please contact:

Demon Tweaks Insurance

Tel: 0845 365 2683 between 09.00 and 17.00 Monday to Friday.

Calls are only charged at less than 4p per minute

Woman Rally Drivers Wanted!!!

Are there any female drivers in your club who would like to win a rally car? If the answer is yes, read on!

The Women in the HotSeat Rally Challenge is a scholarship programme based on assessment at our dedicated rally school sessions. After three knockout rounds of coaching, assessment and selection the top driver will win a rally car and a supported programme of rallies with our team. MSA licence holders and complete beginners are all welcome to take part. Our scoring system will ensure a level playing field for all, rewarding ability rather than experience.

The Women in the HotSeat Rally Challenge first ran in 2005 and remains the only scheme of its kind run by a woman driver for other women. It is priced at a similar level to many ordinary rally schools, with the specific aim of increasing female participation in motorsport. All profits are used to support the winning driver.

The cars used are rally prepared Peugeot 205's and 309's, which are regularly hired out to compete on rallies all over the UK

We would like to thank the motor clubs who promoted the scheme to their members during 2005. There was a great response! A small number of clubs even sponsored members to take part in the Challenge in an effort to increase female participation in motorsport.

Glenda Boyle, our 2005 winner, is already benefiting from her prize, competing in the 2006 BRC Stars of the Future series in the Peugeot 106 Rallye we have built for her. She will be supported by my team for the entire season. Could one of your club members be my 2007 team mate?!

RETROSPECTIVE

30 YEARS AGO - June 1976 Editor was having a general gripe about international scrutineering standards following the debacle at the recent Spanish GP when Jane Hunt's McLaren was disqualified after the race for being 3mm too wide!! The upshot being that it held no relevance for the clubman (still the case really where F1 is concerned - definitely a world on its own!!)

Chairman Richardson mentioned the successes of our various club members, they being particularly successful on the Dalesman Rally with Ken Goodall taking victory and Dave Lawton; Alan Powell and Charlie Payne taking 3rd, 4th & 5th respectively. Dave Lawton also took 4th on the Allerdale Derwent Rally in the Lake District. Bob Chapman reported on his first rally finish - 4th o/a, though he failed to advise us just which event it was, however he and John Richardson had to endure a tense time at the finish where there was much muttering and a not very nice atmosphere!! The Shell League team fared very well on the Sheffield & Hallamshire PCT though their individual performances seemed fraught with incident, as a team they scored enough to end up 2nd team behind Ilkley. Steve Lloyd put pen to paper to give us a report on SPY 44's latest outing on the Welsh - too many road miles, not enough stages and too dear!!! Howard White had an 8-track stereo for sale @ £10 and the Ed was brokering the sale of an Avenger GLS and 10 Dunlop Racing tyres - no prices quoted!!

20 YEARS AGO - June 1986 Notice of AGM on 5th August - proposals by 23rd July. Tickets available for boat trip at £6.80 only 7 places left!! Caravan working party meeting at Scotland Villa, Horsforth on 22nd June - bring some polish - plenty of spit available!! Big push for the forthcoming Lookout Rally (supported by Duckhams) on 26/27th July - competitors and marshals required! Final round of the indoor rally championship was won by Oscar Tango Solo in 52mins 30secs but the o/a title went to team Dicks On from OTS. Captain Renny let us know that we were lying 3rd in the Shell League after the A & P autotest at Hartshead Moor where Captain Renny; Ronnie Mack; Martin Boast and John North scored points to gain 6th on the day.

10 YEARS AGO - June 1996 Hurray for people power! The magazine reverted to its A5 format and dropped the Trackrod Times handle!! And the Sec reported on the discussions that pre-empted the move though from that report it would seem that it was all my doing! I'm sure that I had plenty of support for the Committee to take that much notice!! Richard Jackson & son Peter took victory in their Tuthill prepared Porsche 911 on the Tour of Lincs Silver Jubilee Historic Rally, being fastest on all 18 stages! After 3 rounds we were lying a lowly 10th in the Larkspeed League - Must do better on the Humberside SV Rally and the Sprint at Curborough both coming up at the end of the month. Ian Richardson was selling his RS2000 with a spec that ran to half a page - a snip at £3000!!!
