

Welcome to the latest edition of our treasured mag. As the more keen eyed of you will notice, we're back onto duplicating paper, thus meaning that I've got the damn thing back at last.

Now we're into June, and the longer nights, we have a much fuller social and competition life. Please note ALL the events that are taking place and try to give them your fullest support.

At the back of this mag. you will find a nomination sheet for the new Committee, which starts its term of office in August. As some of you will already know I will NOT be standing for the position of 'Editor' so if you wish to have a word with me about the job I will be more than pleased to give you any help I can. Don't forget, the club cannot run properly without a full committee, who in the meaning of the word are COMMITTED to doing the job for at least twelve months.

I'm sure those of you who have done their damndest to bring about the downfall of the present committee (or at least some individuals of it) will be the first to put your names forward and show us what sort of a job YOU make of it. Remember, we had the 'Bottle' to do it last year.

Steve Grant
Editor.

June Jesters Autotest - 24th June 1984.

As mentioned briefly last month, marshals are required for this, hopefully prestigious, event which is a round of the RAC British Championship, the BTRDA Autotest Championship and the ANCC Autotest Championship for the Yorkshire Bank Trophy. All volunteers should contact the Chief Marshal, Tommie Moore.

The event takes place at Pudsey Civic Hall car park (map ref. 104 /211347) and the action starts at 10.30 am (marshals required by 10.00 am or earlier). The emphasis should be on ACTION as those of you who have not witnessed an autotest of this status will surely have their eyes opened by the skill of many of the drivers. As an added attraction, the tests will be run 'in tandem'. i.e. two identical tests side by side with cars starting simultaneously - it all adds to the excitement!

Further, during the lunch break there will be a "Buggytest" for radio controlled, electric powered buggies or whatever, belonging to competitors/marshals / officials or their proven relatives. So, if you have one bring it along - there's a pot for the winner +CASH and cash for 2nd. Entries, on the day, are restricted to ten or so - entry fee for FOUR tests is £1.00 .

There's more All marshals / officials who sign on will be entered into the marshals draw. Cash prizes of £7 and £3 to the 1st and 2nd out of the hat with the possibility of a 3rd prize, as yet undisclosed. Those not present at the draw will forfeit their prize!!

Still more We are grateful to Mr. Ralph Porter and his staff at the Pudsey Civic Hall for making the venue available to us and he is opening the bar in the civic hall between 12.00 and 2.00 pm. - We're sure you won't need any encouraging to take advantage of this facility! Also, there will be a catering van on the site all day.

Please volunteer your services and make the event a success - we look forward to seeing you there.

R.Ineson - Clerk of the course.
J.Renny - Secretary of the meeting.
R.Moore - Chief Marshal.

Economy Run - Tuesday 24th July.

This years Economy Run will, as always, be arranged locally - probably starting near Otley and finishing at the wharfedale.

Full details will be available shortly from either Rod Parkin or Mark Daves. This economy run must be the most easily entered of all our motoring events so there is no reason why everyone shouldn't compete!

REMEMBER - You can 'compete' in any vehicle but please bring your handbook for gear ratio's and other technical information because each competitors car is given a "weighting" - so depending how carefully you drive, you could WIN.

Hunters Trophy

Over the past few years we have run a treasure hunt championship for the Hunters Trophy, but due to the very poor response last year and the year before, I have, as stated at the end of last season, decided not to run the championship this year.

However, to keep the trophy in circulation, and to give you all something to aim for from the 1st of June to the end of December, any clubnight event involving the use of your car to compete will qualify for the trophy.

Events to qualify will be :-

Clubnight PCT, autotest, Sportonoggin, 12 car navigation events, treasure hunt (if anyone cares to organise one), Boxing day autotest.

Points will be scored on your overall position per event on the same basis as the treasure hunt ch'ship and Indoor rally ch'ship. i.e. 1st O/A 27 pts 2nd O/A 21 pts /rd O/A 16 pts etc. So that the organisers of these events are not left out of the chance to compete for the trophy, they will score 20 points for organising the event. Any event which requires marshals, marshals will gain 10 points.

None of these events, whether you organise or compete on them, will effect your normal points gained under the annual trophy system. This is entirely separate and additional to all other trophies.

Come on guys and gals, here is a chance to widen your field with a trophy at the end, give it a go!

John Westmoreland.

Lanbswool Pullovers

Further requests from several members regarding quality lanbswool V-neck pullovers show that there is sufficient demand to produce an initial batch of approximately 20 pullovers. They will probably be a fawn/neutral colour with a small TRACKROD logo in red and black. CCST £15.00.

If I haven't seen you personally please let me know NOW if you want a pullover - I shall require the money sometime during June 1984 & because of the cost of 'set up' will require the money before the pullovers are produced - sorry!

THE CLUB NIGHT PRODUCTION CAR TRIAL

Yes its here again the event of the year, the Club night PCT. Those of you who had a go at it last year will, I hope, remember how good it was and will have another attempt this year. For those of you who have'nt got a clue what a PCT is then read on and all will be revealed. Basically in its most simplified form a PCT entails a driver and co-driver (or bouncer...I will explain this term later) trying to see how far up a grass slope they can get before the car stops. To help you on your way you are allowed to deflate your tyres a little and have your co-driver jump and "bounce" around on the back seat to try and gain a little extra traction. Unlike forest stage rallying, autotests or longer racing you are unlikely to damage your car as you'll never be travelling any faster than 4 mph.

If you want to have a go and I hope you all do, then fill in the bottom half of this page, or see/phone Phil Sykes (752678) or myself (Mark Dawes 671088).

- There are only three classes: 1). Front engine-Front wheel drive,
2). Front engine-Rear wheel drive,
3). Rear engine-Rear wheel drive.

No "Lim-slips".

It costs just £2.00 per person (ie £4 per car if you both have a go) and dont forget to bring your membership card along on the night.
